

A Regression Analysis of the Gender Pay Gap

Maria-Cristiana Gîrjău

Revised on 2019-09-17

Data wrangling

```
# Read in dataset  
acs_sample_raw <- read_csv("data/acs230_3k.csv")
```

```
# Wrangle the data  
acs_sample <- acs_sample_raw %>%  
  # select which variables to keep  
  select() %>%  
  mutate() %>%  
  filter()
```
